The South Carolina Victim Assistance Network (SCVAN) is thrilled to announce the formal establishment of the South Carolina Immigrant Victim Network (SCIVN) and to invite you and other interested members of your organization to the Inaugural Summit of the SCIVN Statewide Coalition.

As the immigrant population continues to increase, so does the number of immigrant victims of crime. In response to the unique challenges and needs of this population, SCIVN was developed to serve as a collaborative interagency network that provides a central location for linguistically and culturally competent resources, referrals and legal services.

This Summit will provide all interested partners the opportunity to have an open and interactive dialogue regarding common interests, resources and dreams for the improvement of services to immigrant victims.

This will be a remarkable opportunity to learn about each other, to look toward the future together and to begin developing a Coalition to better serve immigrant victims of crime.

***This is a free event.** If you are interested in attending, please contact Tricia Ravenhorst at tricia@scvan.org or Adela Mendoza at adela@scvan.org*
